# How do I read my meter?

Digital Meters

Read from left to right ignoring any numbers marked 1/10 or 1/1000 or any numbers in red.

Clock Meters

Read dials from left to right. Ignore any numbers marked 1/10 or 1/100. Ignore any numbers in red. If the clock hand is pointing between two numbers, read the lower number.

Keypad Meters

Press 9 on the Keypad and read the digits from left to right.
